EDMONTON, ALBERTA, MONDAY, MAY 8th, 1893.

SEMI-WEEKLY, 6 PAGES.

## TELEGRAPHIC.

BATTLEFORD, May 8.

Weather fine.  
Seeding has commenced.  
Mrs. W. Latour who has been ill for a short time died on Saturday morning, and was buried this morning.

WINNIPEG, May 8.

Mrs. Chauncey M. Depew is dead.  
Another case of small-pox in Winnipeg.  
A gang of burglars are at work in Winnipeg.  
A strike has occurred among C. P. R. workmen in Montreal.

Wheat is running up in price rapidly in Chicago.

Honduras insurgents have been completely vanquished by government troops.

Fourteen people were drowned by the capsizing of a sail boat off Prince Edward Island.

Ten men killed and twice as many injured by a railway smash up at Lafayette, Ind., on Saturday night.

The army bill defeated in the German Reichstag. The house was then dissolved by royal rescript.

There is great excitement on the New York stock exchange and many failures. Stocks have dropped terribly.

Principal Grant made a public speech in Kingston on Saturday. He requested protection and endorsed McCarthy and tariff reform.

An unknown man outraged two little girls at Duluth on Friday. A mob of miners caught the man in a saloon, hanged him to a tree and then riddled him with bullets.

## LOCAL.

Judge Rouleau arrived on Thursday's train.

Mrs. C. W. SUTTER and family arrived on Thursday's train.

INSR. Snyder of Calgary has recovered from his attack of fever.

Supt. Niblock came in on Thursday's train, on an inspection trip.

ALEX. TAYLOR had garden peas growing green on Sunday, April 30th.

The upper ferry will not be running to-morrow, as it has to be hauled out for repairs.

G. A. WATSON, barrister, of Calgary, formerly of Edmonton, has been laid up with fever.

Township 53, range 22, west of the 4th meridian has been proclaimed a statute labor and fire district under the Northwest ordinance.

A TEAM of horses belonging to M. McKinlay of the Sturgeon ran away while working in the field one day last week and one of them broke a leg.

COURT opened in Robertson's hall at 10 a. m. to-day, Judge Rouleau presiding. The list is a long one and the sitting will extend into next week.

THURSDAY'S train brought 2 cars of lumber, 1 car merchandise, 1 car machinery, 4 car baggage, 1 coach and 1 official car, that of Supt. Niblock.

CALGARY Herald: Insp. A. E. Snyder, of N. W. M. P., has been transferred to "G" division. He is to take charge of the Edmonton detachment, which is both a pleasant and important position.

GLADSTON'S weather all last week. Farmers have been busy with their crops and have made good progress. A very large proportion of wheat has been sown. Grain is sprouting rapidly and grass is growing green.

CALGARY Tribune: Mr. Bryce Wright has disposed of his celebrated stallion Guinea Stamp to go to Edmonton. This is a fine horse, and should prove a valuable acquisition to the heavy horse breeders of Edmonton district.

THE Calgary Tribune of last issue has honored the BULLETIN by copying some items of its Battleford telegrams, but has placed them under such a heading as to lead to the belief that they are Edmonton instead of Battleford items.

THE annual meeting of the Edmonton curling club which was called for Friday evening last, at 7:30 in Jas. McDonald's real estate office, was adjourned until Friday evening, May 26th at the same hour and place, to permit of the auditing of the accounts.

J. Brown and L. Kelly returned from a shooting trip to Beaver lake on Friday. The season at Beaver lake is much later than at Edmonton this season, which is unusual, Edmonton being generally rather later. Fowl were just coming in. The hunters got 2 swans, four gray geese and 30 waxes.

A very successful concert in aid of the organ fund of the South Edmonton church was given on Friday evening last in the church. Rev. B. G. McQueen was chairman. There was a good attendance and a very interesting programme was rendered. Refreshments were served at the close of the programme. The amount realized was \$21.85.

TEACHERS institutes will be held at Edmonton on Thursday and Friday, May 18th and 19th, by chief inspector Goggin and inspector Hewitt. These institutes are for the reading of papers on education and the general discussion of educational subjects. All teachers in the district are expected to attend and avail themselves of this means of professional instruction.

R. T. Telford of Leduc station has had a town site laid out on his claim, being the north-east quarter of section 26, township 49, range 23. As this property closely adjoins the station and as the country in the vicinity is settling rapidly, this property is certain to be valuable. A large lake close to the station adds to the attractions of the place. T. W. Chalmers, D. L. S., made the survey.

WEDNESDAY next is arbor day.

W. G. IBBOTSON has fresh lettuce for sale.

D. Ross and F. A. Osborne have fresh radishes fit for use.

VOTING on the debenture by-law comes off on Wednesday. A property qualification of \$400 is required to entitle a person to vote.

J. L. DOUPE, D. L. S. is employed in laying out town sites at Leduc and Ponoka (Battle river) stations along the C. & E. line.

At the special services conducted by Rev. Mr. and Mrs. Glanville in the Methodist church the following subjects will be taken up this week: Monday, "Retribution." Tuesday, Mrs. Glanville will give her experience among the opium dens of China. Wednesday, "Whitewash." Thursday, Mrs. Glanville will describe her feelings and thoughts while lying in her coffin awaiting burial. Friday, "A thousand and one drunkards." There will be no service on Saturday.

At the teachers' institute to be held in Edmonton by Prof. Goggin and school inspector Hewitt, the former will speak on "Literature" and "The Rectification" and conduct the question drawer. Mr. Hewitt will deliver an address on Jottings from an inspector's note book. On Thursday evening the 18th Prof. Goggin will deliver a public address on "Morals in the public schools." Further announcement will be made regarding this address, which the public as well as teachers are invited to attend.

N. D. BICK, crown prosecutor, returned from Red Deer on Thursday's train, where he had gone to attend the preliminary examination into the case of Wm. Bell who was arrested on Monday and on Wednesday appeared before Insp. Macdonald, J. P. when he was committed for trial at the court now being held at Edmonton. He was admitted to bail, himself in \$2,000 and two sureties, F. E. Wilkins and Geo. S. Wilkins in \$1,000 each. His case is fixed for Friday next. He will probably come up on Thursday's train.

A SERIOUS accident occurred to Mrs. L. Fulton of East Edmonton, on Thursday evening last. As Mr. and Mrs. Fulton were driving home from the railway station on Thursday evening about dusk, as they were going up the bank of a small stream known as Caverhill's creek, the horse saw a tent on top of the hill, and shied at it. Turning suddenly on the side hill the rig upset throwing out the occupants. Mr. Fulton was uninjured, but Mrs. Fulton had one leg broken, and her back was also injured. The broken limb was set on Friday. She was suffering considerably at last accounts.

TARGET practice was in progress yesterday for several hours on the river bank in rear of Jasper avenue and overlooking the ferry landing. No doubt those taking part think they are entitled to recreation in that form on Sunday as well as other days; but on the other hand the large majority of the people hold strong views against such practices, and the minority must not be surprised if the majority represented by the strong arm of the law, should come down on them and shut off their fun with a smart fine. Target practice on any day in the business portion of the town is dangerous and should be prevented.

K. A. McLEOD is erecting a large planing mill and wood work factory on the north side of 2nd street, river lot 12 east of Namayo avenue. The frame of the building is now up. It is 30x48, 2 stories high. There will besides be a boiler house 12x26, one story. The building will be frame, sheathed with corrugated iron and the roof of tin. The power will be furnished by a 20 horse engine and boiler. The machinery includes a planer and matcher, two stickers or moulders, a tenoning machine, a shaper, jig saw, a boring machine, mortising machine, a turning lathe, two blind making machines, a pony planer, a dovelling machine, and rip and cross cut saws. He will have the machinery running about June 1st. The cost will be about \$6,000.

## NEW ADVERTISEMENTS.

NOTICE TO TRAVELLERS.—The upper ferry will be taken out of the water to-morrow, Tuesday, May 9th for repairs. W. HUMBERSTONE, Ferry Licensor.

## By-Law No 39

A By-Law to provide for borrowing on the credit of the Municipality at large, the sum of \$11,770.50 for the payment of the costs of certain local improvements.

Whereas under and in pursuance of paragraph (a) of section 220 (a) of the Municipal Ordinance as the said Ordinance is amended by section 13 of Ordinance No. 19 of 1889 certain petitions duly signed were presented to the Council of the Municipality of the town of Edmonton asking that certain improvements should be made upon certain streets of the town to be paid for by a special assessment upon the properties benefited.

And whereas certain of the said improvements were made upon the expenditure thereof having been met by means of temporary advances or loans effected in pursuance of Section No. 14 of the said Ordinance, No. 19 of 1889.

And whereas by-law No. 25 of the Municipality provision was made for ascertaining and determining what real property had been immediately benefited by the said improvements and the proportions in which the assessment was to be made on the various portions of the streets so benefited and for assessing the cost of the said improvements by means of a special rate.

And whereas in pursuance of the said By-law the total expenditure for the whole of the said improvements was ascertained on the 1st day of November, A. D. 1892, and there was also ascertained (amongst other things) the cost of the improvements made under each of the said several petitions and the nature of the improvements in each case; the real property situated upon each of the streets whereon the said improvements have been made and the extent of its frontage on each street showing under which of the said several petitions the various portions in which the assessment ought to be made on the various properties situate in respect of the said improvements.

And whereas the cost of the said improvements have in pursuance of the said By-law No. 25 been duly assessed against said lands.

And whereas the probable life of the said improvement as certified by the chairman of the standing committee of the council on public works, being the officer appointed by the council for that purpose, is ten years from the first day of November, 1892.

And whereas the value of the whole land fronting on the streets respectively whereon the said improvements were made and whereon the special frontage assessment is charged, is according to the last revised assessment roll, \$11,679.00.

And whereas for the purpose of repaying the said temporary advances or loans and interest it is necessary and expedient to borrow upon the credit of the Municipality at large the said sum of \$11,770.50 by the issue of debentures, the principal whereof shall be repayable on the 31st day of October, 1902 and which shall bear interest from the 1st day of November, A. D. 1892, in the meantime, half yearly at the rate of six per cent per annum.

And whereas while the said debt is created on the credit of the Municipality at large the Municipality is to collect the same only by way of a special frontage assessment.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund.

And whereas the total amount required to be raised annually by a special rate for payment of the said debt of \$11,770.50 by means of a sinking fund as aforesaid and the interest thereon as aforesaid is \$1,664.05.

And whereas the annual special rate for the paying of the said interest and to create the said equal yearly sinking fund for the payment of the principal is a sum commensurate with the said debt, that is to say—each of the parcels of land assessed as aforesaid shall in each of the said years be charged with a sum made up by adding together (1) a sum being one year's interest at the rate of six and one tenth per cent per annum on the amount assessed as aforesaid against such lot and (2) a sum being .08271 for each dollar of the amount so assessed as aforesaid against such lot.

Therefore the Mayor and Council of the Municipality of the town of Edmonton in council assembled enact as follows:

(1) This By-law shall come into force on the first day of March, 1893.

(2) The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality at large the said sum of \$11,770.50 at interest thereon at the rate of six per cent per annum from the first day of November, 1892, and for that purpose may issue debentures of the Municipality at large in sums not less than \$100 each and repayable on the 31st day of October, 1902, bearing interest at the rate of six per cent per annum from the first day of November, A. D. 1892, payable half yearly; such debentures to be payable at the Imperial Bank of Canada, Edmonton, Alberta, N. W. T., and to have attached to them coupons for the payment of interest.

(3) For the purpose of paying the amount which shall be required to be raised annually for paying the said interest and creating an equal yearly sinking fund to be set apart for the payment of the said principal sum of \$11,770.50, there shall be levied in each of the years 1893 to 1902, both inclusive, an annual special rate (over and above all other rates) upon all the real property assessed as aforesaid under and by virtue of said By-law No. 25 and the said annual special rate shall be computed as follows, that is to say—each of the parcels of land assessed as aforesaid shall in each of the said years be charged with a sum made up by adding together (1) a sum being one year's interest at the rate of six and one tenth per cent per annum on the amount assessed as aforesaid against such lot and (2) a sum being .08271 for each dollar of the amount so assessed as aforesaid against such lot.

(4) The credit of the Municipality is hereby pledged for the payment of the said sum of \$11,770.50 and interest as aforesaid.

Done and passed in Council this 25th day of January, 1893.

(L. S.) M. McCAULEY, Mayor.

A. G. RANDALL, Clerk.

I hereby assent to By-law No. 39 of the Municipality of the Town of Edmonton.

(L. S.) J. ROYAL,

Lieutenant Governor of the Northwest Territories.

The above is a true copy of a By-law passed by the Municipal Council of the Town of Edmonton on the 25th day of January, A. D. 1893, and approved by His Honor the Lieutenant Governor-in-Council on or about the 5th day of April, A. D. 1893, and all persons are hereby required to take notice that anyone desirous of applying to have such By-law or any part thereof quashed must make his application for that purpose to the Judge of the Supreme Court within three months next after the third publication of this notice, or he will be too late to be heard in that behalf.

A. G. RANDALL, Clerk.

## By-Law No 48

A by-law to provide for borrowing the sum of \$15,000 upon the credit of the Municipality.

Whereas it is expedient that there should be raised by the Municipality of the Town of Edmonton the sum of \$15,000 to enable the Municipality to erect a fire hall, to purchase certain fire apparatus required for the use of the Municipality and provide means for a suitable supply of water for purposes of fire-protection.

And whereas the value of the ratable property in the Municipality, according to the last revised assessment roll, is \$864,241.00.

And whereas the amount of the existing debt of the Municipality, other than for current expenses, is \$19,500.55 (incurred in respect of local and permanent improvements) and \$763.30 for interest thereon making together \$20,263.85, whereof no part is in arrears.

And whereas it is expedient to borrow the said sum of \$15,000 by the issue of debentures, the principal whereof shall be repayable in 20 years from the date on which this by-law takes effect and which shall bear interest in the meantime payable half yearly at the rate of 5 per cent per annum.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund.

And whereas the total amount which will be required to be raised annually by a special rate for repaying the said debt of \$15,000 by means of a sinking fund as aforesaid, and the interest thereon as aforesaid is \$1,203.65.

And whereas the annual special rate on the dollar required as being sufficient to pay the said interest and to create the said equal yearly sinking fund for the paying of the principal is one mill and eighty-two one hundredths of a mill.

Therefore the Mayor and Council of the Municipality of the town of Edmonton in council assembled enact as follows:

(1) This By-law is to take effect on the 2nd day of July, 1894.

(2) The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality the said sum of \$15,000.00 and may issue debentures of the Municipality to that amount in sums not less than \$500.00 each, repayable within twenty years from the said 2nd day of July 1893, with interest at the rate of five per cent per annum payable half yearly; such debentures to be payable at the Imperial Bank of Canada, Edmonton, Alberta, N. W. T., and to have attached to these coupons for the payment of interest.

(3) For the purpose of paying the amount which shall be required to be raised annually for paying the said interest and creating an equal yearly sinking fund to be set apart for the payment of the said principal sum of \$15,000.00 a special rate of one mill and eighty-two one hundredths of a mill on the dollar, over and above all other rates and taxes, shall be levied (in the same manner and at the same times as the general municipal taxes) upon the whole ratable property in the Municipality in each year for the period of twenty years from the said 2nd day of July, 1893, being the period during which the said debentures will run.

(4) Wednesday the 10th day of May, 1893, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon at the office of the town clerk, Edmonton, is hereby fixed as the day and hour and place for taking the votes of the electors for and against this proposed by-law.

(5) A. G. Randall is hereby appointed returning officer and J. R. Michale deputy returning officer to take the votes at the said time and place.

(6) Wednesday the 10th day of May, 1893, at the hour of six o'clock in the afternoon at the town clerk's office, Edmonton, is hereby fixed as the time and place when and where the returning officer shall sum up the number of votes given for and against this proposed by-law.

Provisionally adopted in council this 12th day of April, 1893.

M. McCAULEY, Mayor.

A. G. RANDALL, Clerk.

Public notice is hereby given that the foregoing is a true copy of a proposed by-law which will be taken into consideration after one month from this 17th day of April, 1893, being the date of the first publication thereof in the "Edmonton Bulletin," a public newspaper published within the Municipality, and that the vote of the electors of the Municipality will be taken thereon at the town clerk's office, Edmonton, on the 10th day of May, 1893, from the hour of 9 o'clock in the forenoon to 5 o'clock in the afternoon and the polls will then and there be held for that purpose.

A. G. RANDALL, Town Clerk.

## GENERAL NEWS:

Seeding commenced at Virden, Manitoba, in the last days of April.

The Moose Jaw creamery company is applying for incorporation.

The Morden, Manitoba, Herald of April 28th says that seeding had commenced there, and would be general on May 1st.

Calgary Tribune: A case of small-pox has developed at Revelstoke, and the Union hotel there has been placed under quarantine.

Township 53, range 22, west of the 4th meridian has been proclaimed a statute labor and fire district under the Northwest ordinance.

Free Press: A number of Mennonites are leaving the Morden district for Edmonton and Prince Albert, and their goods and chattels are now being loaded on the cars.

At present it does not seem possible that the frost and snow will be sufficiently out of the woods on the 12th of May to permit of trees being transplanted on Arbor day.—Pilot Mound Sentinel.

At a largely attended and enthusiastic meeting held at Orangeville, Ontario, to receive and hear Dalton McCarthy, a resolution commending that gentleman's action and policy was unanimously carried.

The Moose Jaw Times has a vivid account of the work of forcing the last snow blockade on the Prince Albert branch. The detailed account fully bears out the telegraphic sketch received by the BULLETIN.

Calgary Herald: Mr. Thompson, of Calgary, is locating a colony of Swedes in townships 40, 41 and 42, west of Gull Lake, 14 miles west of this place. They have means and from all appearance will make good settlers. One hundred families are expected.

Moose Jaw Times: Great Britain already offers us a free market, and by the reduction of our duties upon British goods, the farmer would be benefited, both directly and indirectly. Directly by reducing the cost of British goods, and indirectly by encouraging trade with the mother country.

Dr. Lovingheart of Calgary was re-arrested on the same charge as caused his arrest a few days ago the woman upon whom he was supposed to have performed the criminal operation having been found and placed under arrest. At the examination which followed she refused to incriminate the prisoner. The case has been adjourned for a week to procure other witnesses.

Calgary Herald: The Swedish delegates from the New England States came down from the north last night and proceeded east this morning. They are delighted with Northern Alberta and have entered 16 homesteads and bought a large quantity of railway land in the vicinity of Wetaskiwin. The colony will come in and take possession of their new home as soon as possible.

Calgary Herald: There arrived by railway from the Macleod district last night 11 car loads of cattle from the Cochrane ranch. They were mostly four year old steers, purchased by Mr. P. Burns, who had previously brought up several lots of cattle by rail from the southern country this spring. This lot was a particularly fine one and fully maintains the reputation of Alberta for good beef. There came down from Wetaskiwin station on Tuesday night three cars of prime beef cattle that had been purchased from Mr. Donnell, of Bears Hills, and the whole fourteen cars, together with a car shipped by Messrs. McHugh Bros., went on last night to Vancouver by a special.

EDMONTON BULLETIN MAY 27th, 1893

THE TWO BY-LAWS.  
It may be interesting to the ratepayers to compare the paragraph which expresses the purpose of the by-law to be voted upon on Wednesday next with the like paragraph of the by-law of last October. The present by-law reads:  
"Whereas it is expedient that there should be raised by the Municipality of the Town of Edmonton the sum of \$15,000 to enable the Municipality to erect a fire hall, to purchase certain fire-apparatus required for the use of the Municipality and provide means for a suitable supply of water for purposes of fire-protection."

That of last October reads:  
"Whereas it is expedient that there should be raised by the municipality of the town of Edmonton the sum of \$10,000, to enable the municipality to repay certain amounts temporarily borrowed for the purchase of certain lands and fire apparatus required for the use of the municipality and for other like purposes of permanent benefit to the municipality, and also to enable the municipality to borrow further sums which it is expedient to expend for the purpose of erecting a fire hall and for other like purposes of permanent benefit to the municipality."

It will be noticed that the by-law of last fall was for the purpose of first covering the indebtedness that had already been incurred on behalf of fire appliances and then using the residue to build a fire hall. The present by-law does not propose to pay off any liability already incurred. The whole of it is for future expenditure. In this connection it may be well to notice that according to the recital of the former by-law the total outstanding indebtedness of the town when it was submitted was \$18,000, and that by the recital of the present one the total outstanding indebtedness is \$20,263 or \$2,263 more. A very important increase in about six months. Whether this increase is chargeable to special or to general improvements does not appear. In either case it pledges the credit of the town to the extent of its amount. When liabilities pile up at the rate of nearly \$400 a month, it would scarcely be good policy to deliberately incur very much greater new liabilities, before provision is made for the payment of those already incurred. From the terms of the present by-law it appears that after deducting the amount of \$11,770.60 recoverable by frontage tax, the town has still a public debt of \$8,492.40 now drawing interest to be provided for. Fifteen thousand dollars added would make a net debt of \$23,482.40 or a gross debt of \$35,253. Our total assessment as set forth by the by-law is \$664,264, which fixes the limit of our credit at \$66,436, over half of which—and the first half in such cases is always the best half—will be already absorbed if by-law 48 carries. The position in which this will leave us at least for years regarding railway connection needs no description.

# GLANDERS AND DR. McEACHREN.

Prof. D. McEachren, chief quarantine inspector for the Dominion, speaking of glanders in his last annual report says: "This disease exists in a limited extent in Toronto, Ontario, and in portions of the Northwest Territories, especially Northern Alberta, and to a limited extent in British Columbia." There is no doubt that on the strength of the official position held by Prof. McEachren, most people unacquainted with the facts will accept his statement without question, and the idea will be established in many minds that this terrible and loathsome disease of horses is particularly prevalent in this section of the Territories. To say that this statement of the learned professor is an atrocious, as it is a malicious, lie, is to put the case as mildly as circumstances will permit. Occupying the position he does Prof. McEachren knows that glanders is prevalent in certain districts of the Territories, and he also knows that Northern Alberta is not one of those districts. What devilry could have possessed him to officially locate the disease here at the point furthest away from where it actually exists, it would be hard to determine. An enquiry from C. W. J. Haworth, local veterinary surgeon, brings out the fact that within the past two years only four cases of glanders have come to his knowledge, when they were promptly dealt with. During the same time dozens of horses have been destroyed in other parts of the Territories as being affected by the disease. The public interest demands that if Dr. McEachren insists in lying about this country or any part of it he should cease to hold such a position as would give the stamp of authority to his falsehoods.

Winnipeg Commercial, April 29: About the only interest in the local situation is the crop outlook, and some of the timid are becoming alarmed at the continued backwardness of the season, which is now about the latest on record. The first three days of the week were clear and warmer, and farmers were hoping to soon get at their seeding, but there was a light snow on Wednesday, followed by colder weather. Today is fine and milder. Practically no seeding has been done yet, though a few reports of some seeding being done have come in. These, however, are very few and exceptional. In districts where the soil is light and rolling, the land will probably be in shape by Monday to begin seeding, if there is no further set back. In heavy districts it will be some time later before seeding can be generally prosecuted. This makes the season very late, almost a month later than usual, and the time for putting in wheat early enough to make its ripening before frost fairly safe, is very short. Some are beginning to think that the wheat area will be curtailed, and given more to oats and barley, in consequence of the late spring but this remains to be seen.

Following is what the Manufacturers Record has to say of bonuses in the Southern States: The failure of many industrial enterprises in the south has been due chiefly to the methods pursued by promoters in securing the location of manufacturing establishments. The greatest error in these methods is the granting of bonuses in various forms as inducements to manufacturers. No other practice has been so productive of legal complications, misrepresentation and dishonest dealings of various kinds. The whole matter can be boiled down to this: An advantageous location needs no offer of bonus to attract manufacturers, and a concern that is really desirable will not ask for and will not be influenced by an offer of money, land or similar inducements. A bonus has no place in legitimate business dealings.
